Course Title: Digital Art

Course Description:
Creating art with traditional and digital tools.

Course Prerequisite(s):
Drawing I, Illustrator I, and Photoshop I.

Course Objectives:
Creating art.

Instructor Notes:
It will be helpful to bring a WACOM tablet or some other form of digital drawing tablet. If you do not have any type of digital drawing tool we can use the mouse. The greater concern is making good art. The tools we choose to use are what best creates the qualities we seek in our artwork.

Textbook(s):
No text. A folder on the school server with class information resources.

Lesson Plan – by week or session

Session 3: Color principles. Color for storytelling. Class critique of project two Project 3 assigned.
Session 4: Style and genres in illustration and design. Class critique of project three.
