Course Title: Basic WordPress in a Day

Course Description:
Build your own WordPress site in a day workshop.

Course Prerequisite(s):
Familiarity with the Internet

Course Objectives:
Demonstrate selection and installation of a WordPress theme; use of WordPress dashboard to manage website content.

Textbook(s):
WordPress for Dummies, 8th Edition

Lesson Plan – by week or session
Morning: Exploring WordPress and Website Goals
Afternoon: Content Loading and Functionality

Course Sessions: listed are a guideline to indicate all topics that will be covered during your course. Do not plan your personal calendar based on these sessions. Your instructor will give you a calendar for your class that will indicate specific topics, assignments, and days.

Method of Evaluation: Unless otherwise stated, course completion is evaluated on the basis of attendance. Students must be in attendance 90% of the class time in order to be considered a successful completer of the course.

Students must be in attendance 90% of each course in a certificate series for successful completion and to earn a certificate as specified.

Students must complete all courses (core and no. of elective courses needed) to complete a certificate series within two years from start date of the first course taken.

Americans with Disabilities Act: Collin College will adhere to all applicable federal, state and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal opportunity. It is the student's responsibility to contact the ACCESS office, SCC-G200 or 972.881.5898 (V/TTD: 972.881.5950) to arrange for appropriate accommodations.

See the current Collin Student Handbook for additional information:
